POWER PLANT FULFILLS PLAN;
DOLBY SLACK VILLAGES ELECTRIFIED

MAZUR POWER PLANTS FULFILL PLAN -- Trybuna Ludu, No 78, 20 Mar 49

The 1948 production plan was fulfilled 105 percent by the Masur power plants, with a production of 82,448,000 kilowatt-hours. Power plants of over 1,000 kilowatts' capacity furnished 79,117,000 kilowatt-hours. The Masur Power Plants' 1948 production was nearly 24,000 kilowatt-hours greater than in 1947.

ELECTRIFICATION FOR 2,100 VILLAGES IN DOLNY SLASK -- Polska Ludowa, No 31,
15 Mar 49

Much progress is being made in the electrification of villages in Dolny Slask. In May 1945, the Zjednoczenie Energetyczne Okresu Dolnoslaskiego (Power Association of the Dolny Slask Region) furnished 1,000 villages with electric power; by the end of 1945, the number of villages utilizing electric power reached 1,175. In 1947, 1,969 villages had electricity; in 1948, more than 2,100 villages.

In Dolny Slask, where villages that have few farmsteads predominate, the average yearly power consumption of the farmsteads reaches 220 kilowatt-hours, hours, while the national average consumption is not over 200 kilowatt-hours. Nearly 80 percent of the farmsteads have electric motors, of 1-7 kilowatts' capacity. The average power consumption per hectare of arable land in Dolny Slask is approximately 41 kilowatt-hours.
